The form must be filled in in English with the following information:

- Personal and contact details **(required)**

Candidates must also attach:

Candidates must also answer the following questions:

- What are your professional dreams for the future? **(required)**
- What would you like to express through this dish? What message, history and identity would you like to convey? **(required)**

Specific details regarding the dish (Signature Dish):

- The Signature Dish must be a main course. Desserts are not allowed.
- The ingredients of the Signature Dish must not include animals considered to be endangered species, animal blood or edible gold. Competitors are required to choose the ingredients they want to use, considering the limitations and prohibitions established by Italian, EU and international law with regard to:
  - 1) The protection of specific species of the flora and fauna <http://eur-lex.europa.eu/legal-content/IT/TXT/?uri=URISERV:l11023>
  - 2) Food health and safety aspects <https://eur-lex.europa.eu/summary/chapter/30.html?expand=3001>.

Therefore, all participants must comply with the following rules about hygiene and proper handling of food before and during the competition:

1. Strictly adhere the food transport and storage temperatures as provided for by Italian Presidential Decree no. 327/80;
2. Raw materials of animal origin (meat, fish, milk, eggs, and their derivatives) must come from authorised facilities with EEC approval and be accompanied by the traceability documents required by any applicable regulations.
3. Where the recipe calls for raw fish to be served, it must be accompanied by a declaration from the supplier that it has been chilled to a temperature of -20° for at least 24 hours or to a temperature of -40° for at least 9 hours, as required by EC Regulation 853/2004.
4. The use of fermented, dry-aged or enzymatically processed foods or foods that have undergone special treatments which alter their organoleptic characteristics is permitted. For the Grand Finale only these foods must be accompanied by a test report from an EU accredited laboratory. Analyses must be carried out within 48 hours prior to the competition and shall be used to monitor the following parameters: moulds, yeasts, clostridium perfringens, coagulase-positive staphylococci, enterobacteriaceae, escherichia coli, listeria monocytogens, salmonella spp.  
ALMA (an authoritative training centre for Italian cuisine at international level - [www.alma.scuolacucina.it](http://www.alma.scuolacucina.it)) reserves the right to carry out further analysis checks by authorised laboratories at EU level, should a criticality be detected during the checks on the ingredients concerned that may cause the food not to be edible.
5. Strictly follow the good hygiene practices of the food sector: wear headgear covering all your hair, wear the clothing provided by the Organiser, regularly wash and sanitise your hands, respect the ban on smoking, do not wear rings, bracelets or pendants that could be a possible cause of physical and food hazards.

Where certain ingredients cannot be sourced due to seasonality or restrictions imposed by any food safety regulations in force, the Young Chef shall be asked to substitute the ingredient concerned. Similarly, where it is not possible to find certain ingredients due to particular types of processing, enzymatic processes or specific transformations requested by the Young Chef, the Organiser shall supply the same ingredient without carrying out any processing or preparation altering its condition. Therefore, the product supplied shall be as similar and appropriate to the Young Chef's recipe and process as possible, giving him/her prior notice.

- The Signature Dish can be accompanied by liquids or drinks deriving exclusively from the recipe preparation process. As a consequence, the following is excluded:

- ✓ Liquids or drinks which do not correspond to the ingredients or the recipe preparation;
- ✓ Alcohol-based liquids and drinks.

For the Grand Finale, liquids or drinks relevant to and derived from the preparation that undergo a prior fermentation process must be analysed by an EU accredited laboratory, which shall assess and ensure the possibility for them to be administered (please refer to point 4 of the HACCP rules). This analysis procedure shall be the responsibility of the Young Chef.

For any questions or doubts candidates can write to [competition@spyoungchefacademy.com](mailto:competition@spyoungchefacademy.com).

The permitted preparation time in the Regional Finals and Grand Finale is 5 hours. The necessary preparations for the recipes must be produced during the permitted competition time, but candidates shall be allowed to bring preserves, fermentations, powders, and dehydrated products that are ready for use. Marinades and cooking juices must be prepared in situ.

For the Grand Finale, ready-to-use preserves, fermentations, powders and dehydrated products must be accompanied by microbiological analyses, to ascertain the actual health and organoleptic quality of the preparations. Such analyses shall be the responsibility of the Young Chefs and must be carried out by an EU accredited laboratory (please refer to point 4 of the HACCP rules).

The recipes, preparations, methods and equipment used since the Regional Finals must be aimed at and in line with the terms established for the Grand Finale phase.

All preparation methods must comply with the HACCP rules and food safety regulations applicable to the Grand Finale. It is therefore recommended from the Regional Finals onwards to identify preparation methods and processes that can be used also for the Grand Finale.

Specifications regarding equipment to be used for the Grand Finale phase (for the preparation of the Signature Dish):

- No open flame cooking methods may be used within the location hosting the competition. The Organiser shall take care of setting up an outdoor area near the location with devices suitable for open flame cooking.
- Young Chefs must specify in advance the equipment they need to prepare their Signature Dish, if not already

listed in the set-up provided by the organisation.

- The use of hand-made and/or typical regional equipment must be declared in advance by sending the relevant data sheets and pictures. That being the case, a process of validation and authorisation of the equipment shall take place.

As a general procedure, Young Chefs selected for the Regional Finals shall provide the Organiser with a list of ingredients necessary to cook 10 portions of each Signature Dish, and the Organiser will source them. As an exception, upon evaluation and approval by the Organiser, Young Chefs may source the ingredients themselves. In either case, the maximum permitted expenses for each Young Chef shall be 250 euro; whereas if the Young Chef sources some of the ingredients, he/she will be reimbursed by the Organiser upon presentation of the receipts.

The Young Chef who wins the Regional Final shall qualify for the Grand Finale as champion of his/her Area. He/she shall provide the Organiser with a list of ingredients necessary to cook 10 portions of each Signature Dish, and the Organiser will source them locally in Italy. As an exception, upon evaluation and approval by the Organiser, Young Chefs may source the ingredients themselves. In either case, the maximum permitted expenditure for each Young Chef shall be 500 euro; whereas if the Young Chef sources some of the ingredients, he/she will be reimbursed by the Organiser upon presentation of the receipts.

At the Grand Finale, the Young Chefs shall find an equipped workstation in accordance with Annex 1 to this document.

The recipe and the photos shall constitute the dish the Young Chefs are to prepare if they are selected in the Regional Shortlist.

The recipe must include the following information: recipe name, type of dish (first or second course), "personal belief", components, preparation and service time, ingredients and quantities, preparation method, plating and food presentation, and possible extra kitchen instruments required.

Three high-resolution pictures are required of the dish, clearly showing the finished dish. By sending their applications, participants agree to the publication without limitations in terms of time, geographical area and media by Sanpellegrino, or third parties delegated by the latter, of the recipe and the photos sent, and agree to take part in interviews, exclusively for the purposes linked to the venture and for the promotional purposes described in this document. Participants shall be responsible for providing accurate information: through their participation, candidates accept all responsibility relating to the truthfulness of the information they provided and the material they sent.

The Organiser shall not be deemed responsible for the information provided for participation and/or the contact details being incorrect, inaccurate, etc.

In this regard, please note that proof of posting (by participants) cannot be considered proof of actual participation. The material sent shall not be returned and participants are advised to keep a copy of all material.

The Organiser reserves the right, at any time, to carry out checks on the validity of applications and participations (including the identity of participants, their age and place of residence), by asking for any proof it deems necessary to verify declarations provided in the online form, and to disqualify any participants who participated in breach of these regulations or who altered the registration process.

### **Phase 2: Definition of the Regional Shortlist (by 22 July 2022)**

In order to create a first Regional Shortlist, all applications received during Phase 1 shall be divided into 15 groups, corresponding to the 15 Areas participating (as listed in Annex 1). The place of work (as opposed to the place of origin) shall be used to determine the Country/Region and Area each candidate belongs to. A judging panel made up of independent members of ALMA (an authoritative international training centre for Italian Cuisine) shall define a Shortlist with 10-15 Young Chefs for each of the 15 Areas participating, as per the annexed list.

In the event of the number of valid applications for one or more Areas being less than 10, the Shortlist can be made up of a smaller number of candidates.

If a selected finalist is unable to take part or cannot be contacted within 15 days at the addresses/telephone numbers provided during the registration phase, this finalist shall be automatically disqualified and the right to participate shall be transferred to the candidate immediately after him/her in the ranking.

The above-mentioned selection process shall be managed by ALMA, which shall have the right – at its own unchallengeable discretion – to avail itself of the support of expert local parties or entities.

In order to define the Regional Shortlists, applications shall be assessed on the basis of the following 3 criteria

(Golden Rules), for each of which the jury members shall assign a score between 1 and 10.

1. **TECHNICAL SKILLS:** Ability to select the finest ingredients in terms of quality, freshness and uniqueness, to obtain an excellent taste, combined with technical skills which bring out the flavours of the ingredients, while maintaining their original essence.
2. **CREATIVITY:** Ability to explore original, stimulating, and innovative perspectives with a personal and contemporary style, while maintaining a perfect balance between the flavour and aesthetic appearance.
3. **PERSONAL BELIEF:** Ability to communicate a clear message which summarises the “vision” of their work, their vision of the world of food and their contribution to today’s society in general, through food.

Based on the sum of the scores assigned to each candidate for each of the above-mentioned criteria, a Shortlist shall be drawn up for candidates from each Area who shall access the subsequent phase of the venture.

The candidates for each of the Shortlists shall be contacted by telephone and/or e-mail from the local offices of the Organiser and their names shall be published on the Website and on [www.finedininglovers.com](http://www.finedininglovers.com).

**Note:** the 2022-23 edition of the competition reserves the opportunity for 2019 Finalists from Mainland China (formerly Greater China) and Pacific Areas - who were unable to take part in the 2021 Grand Finale due to the Covid-19 pandemic - to compete in their respective 2022 Regional Finals without having to undergo the selection phase. Therefore, should they wish to take advantage of this opportunity, the parties concerned may choose whether to compete with the Signature Dish submitted for the 2019-21 edition (also made over) or with a new dish, following the standard application procedure via the Website by and no later than the closing date for applications.

### **Phase 3: Regional Finals (between 10 September and 31 January 2023)**

The Regional Finals shall take place during Phase 3. The world has been divided into 15 Areas, containing the 50 Key Countries/Regions that are most advanced in culinary terms. In each Area a Champion Country/Region has been selected, which shall be responsible for the organisation of the Regional Final.

In each Area, priority must be given to shortlisting candidates from the Key Countries/Regions (see list in Appendix 1); if they are not selected because they do not meet the selection criteria, they will be replaced by candidates from other Countries/Regions in their Area. For each Area there shall be at least 10 participants in order to select one Young Chef finalist for each of the Shortlists identified during Phase 2.

In order to increase the representation of female talents in culinary world, at least 33% of each pool of Regional Finalists shall include three women (3 out of 10 or 5 out of 15 candidates). If there is an insufficient number of women applying to the competition, male candidates shall take the remaining spots.

The Regional Finals may be held with different procedures, during specific regional events organised on an ad hoc basis, or during the course of existing events, at the discretion of the Organiser, but without prejudice to the rules in **paragraph 4 (Participation Procedure) and the general guidelines**.

The specific dates, locations and any other details on the Regional Finals shall be notified through the Organiser’s local offices. During the Regional Finals, the Young Chefs shall be asked to cook their “Signature Dish”, as described in the participation phase.

The Signature Dish shall be examined by a local Jury comprising at least 3 chefs of national and/or regional renown. The Jury panel of the Regional Final shall taste the dishes of each of the Young Chefs and judge these on the basis of the 3 criteria mentioned in the previous paragraph, by assigning a score between 1 and 10 for each criterion.

Based on the sum of the scores assigned to each candidate for each of the above-mentioned criteria, the local Jury shall identify a winner. The 1<sup>st</sup> placed candidate shall be assigned the title of “Regional Finalist” and shall qualify for the Grand Finale in Milan. The selected finalists shall be supported by a “Mentor” chef, assigned to them by the Organiser, who shall provide suggestions for improving the recipe, by amending the presentation or certain minor ingredients but **without changing the name of the dish or its main ingredient, under penalty of disqualification. Each change shall be assessed and validated by ALMA.**

The Regional Finalists for each Area shall be notified of their victory by telephone and/or e-mail by the Organiser. The list of the 15 Regional Finalists shall be published on the Website and on [www.finedininglovers.com](http://www.finedininglovers.com). The Regional Finalists **agree to make themselves available to participate after their election, with procedures that shall be agreed between the parties, in at least 3 international events organised by Sanpellegrino or third parties appointed by the latter** (it is hereby understood that both the organisation of international events and their numbers shall be a right and not an obligation of Sanpellegrino). For this reason, we recommend that candidates inform their employers about this immediately.

During the Regional Finals 3 other Special Awards shall also be assigned:

- 1. S.PELLEGRINO AWARD FOR SOCIAL RESPONSIBILITY:** voted by the **Sustainable Restaurant Association**, which runs **Food Made Good**, the largest foodservice sustainability programme and global community for driving sustainability in hospitality, **this dish will represent the principle that food is at its best when it's the result of socially responsible practices, encompassing sourcing, social and environmental requirements.** Submissions to this award are judged according to **8 criteria:** resource use, climate impact, biodiversity, food waste, nutrition, collaboration, advocacy, innovation.
- 2. FINE DINING LOVERS FOOD FOR THOUGHT AWARD:** voted for by the online **Fine Dining Lovers community**, this award will go to the Young Chef who presents **the dish that is most consistent with the personal belief that inspire him/her.**
- 3. ACQUA PANNA AWARD FOR CONNECTION IN GASTRONOMY:** voted for by **Mentors**, the winner of this award must produce a dish that represents the **culinary heritage** of his/her Region. The dish should highlight both these traditional culinary practices and the Young Chef's personal modern vision providing a **connection between the past and the future.**

#### Phase 4: Grand Finale

The Grand Finale is scheduled to take place by October 2023 in Milan. However, the dates and venue of the Grand Finale (as well as the Regional Finals) may be subject to variations owing to the Covid-19 health emergency. At the end of the 15 minutes dedicated to the presentation and tasting of the Signature Dish, the service staff shall take care of the clearing process even if the tasting has not been completed. This shall ensure the smooth running and optimal management of the competition timings.

At the end of the 5 hours, the participant, together with his/her Mentor, shall take his/her dish to the designated place for presentation to the Grand Jury.

Dishes to be tasted shall be served to the Grand Jury by the designated room staff.

**Based on the sum of the scores acquired by each Regional Finalist, a ranking shall be drawn up, and the first placed participant shall be the overall winner.**

**The Winner shall be awarded the S.Pellegrino Young Chef Academy Award 2022-23.**

In the same evening and following the awarding of the above-mentioned title, the S.Pellegrino Award for Social Responsibility, Acqua Panna Award for Connection in Gastronomy, and Fine Dining Lovers' Food for Thought Award shall also be awarded; there may be other secondary titles and awards, that shall be notified on the Website and on [www.finedininglovers.com](http://www.finedininglovers.com), and directly to participants.
